The new GDBE Elevate service has provided an opportunity to integrate our Education support more closely with the **GDBE Core offer**.

We know that at times, school leaders appreciate the opportunity to discuss ideas, talk through a “what if” with a GDBE Education partner, who will listen, use coaching questions to help you explore a strategy or new approach.

The GDBE core offer provides you with this opportunity coupled with excellent online presence gdbe-elevate.org for training courses and programmes.

The bundles available to schools then build on that. If you just want to access our portal and benefit from regular training – then the **GDBE elevate | SLT and Subject Leader - 3 Course bundle** is for you.

You may reach your mid-term cycle for SIAMS working with one of our school officers and SIAMS advisers, then our **GDBE elevate SIAMS | Christian Distinctiveness, RE and Collective Worship bundles** are perfectly designed to enhance the process.

You might want comprehensive performance management for executive leaders with access to an experienced external adviser providing you with advice, guidance and support, plus access to GDBE resources. This is the **GDBE elevate | HTAPM Comprehensive with mid-year review bundle**.

Then comes the time when your Governors need support to recruit an executive leader or headteacher. Our **Strategic Leadership Recruitment bundle** provides the option for support from the DDE or the DDE with a strategic HR Partner. What we are committed to is supporting your Governors to manage a great recruitment process and make the best decision possible for the school.

From time-to-time heads and their teams face complex challenges and projects. In these circumstances, they may seek more specialised and targeted support over a sustained period of time. The **GDBE elevate | School Improvement and Effectiveness | Leadership, Curriculum Support** is for just such a time. We will meet with you discuss your need and put forward a proposal for strategic support. Once we are agreed on the proposal, the project, the timeline and the work has been commissioned, we will start work – partnering with you to completion.
